TO ADD A BASE UNDER AN EXISTING MONUMENT

This illustration shows how much a base under your monument can enhance the look of your monument. By adding the base you will now see all the important lettering on your memorial that was buried in the ground, and bring it up to a more visible level. If you would like to have a base added to your memorial please fill out the needed information to quote you a price. We thank you in advance for giving us the opportunity to have served you with your memorial needs.
